Lead an investigation into the murders of a fanatic killer and unravel a mystery using your powers of observation, deduction and manipulation... A unique experience to be enjoyed in the comfort of your own home.

« The time is at hand » (1:3)

Paris, 2018... You receive a box sent by a serial killer called Abaddon, the Angel of Death from the Book of Revelation. Inside the box, several clues and a challenge: will you find the fifth victim in time? The Book of Revelation, a personal diary, and some fifteen objects and documents set you on the tracks of the fanatic killer. The investigation plunges you into an atmosphere of fear, esotericism and eroticism, suggestive of "Seven", "Zodiac" or "The Da Vinci Code".

« Repent; or else I shall come unto thee » (2:16)

Inspired by live escape games, « Apocalypse » is an adventure you can experience at home and for which you have to use observation and deduction so as to open padlocks, solve riddles, and identify locations. "Apocalypse" is a new type of cooperative and immersive game, where the real world intermeshes with the virtual (ARG, Alternate Reality Game).

While focused on developing its "Apocalypse" board game series, Argyx Games is also working on its mini-game series entitled "Pocket Investigations", lighter version of the same concept. Subscribe to receive an envelope directly in your mailbox each month.

Launching of the Kickstarter campaign on June 4, 2018 (expected release at Christmas 2018). Upcoming in Spring 2019: « Apocalypse – Episode 2 : Babylon ».
